Eric,
Thanks for the offer.

For the TCT mtg, the main thing I want to do is go over deliverables, incoming documents expected from the LWG, field work, & upcoming meetings. Your 8/17 "Project Update" e-mail & 8/24 "Issue Summary & Status Table" e-mail are great ways to get thru most of that. I'm particularly interested in whether you still want comments on the "Up- & Downstream Sampling FSP" & "RD2B Archived Core FSP" by 8/31. I'm also interested in nailing-down a review schedule for the RD2 TZW SCSR.

I don't have anything for the PH Mgr mtg other than the standard agenda we typically follow, & making sure we have everything in place for the RD3A sampling efforts.

Jim, any agenda items for tomorrow's TCT meeting? Anything you want to make sure we cover with the LWG management team in the afternoon?

Let me know.

Thanks, Eric
